### Ca' del Bosco 林屋酒庄

Ca' del Bosco is the story of a boy who wished to produce a great wine with bubbles, just like a great Champagne. A story which became a magnificent reality. Massimo Zanella began to produce wine in Robbiano thirty years ago on the small family property in the countryside of Franciacorta, and, with a series of giant steps, conceived a world-wide fame. Currently Massimo Zanella is the president of a firm which is part of the Santa Margherita group and is one of the most important houses of Franciacorta, the viticultural area of Lombardy which is considered "the little Champagne of Italy". The estate owns some 200 acres of high-density vineyards (4,000 vines per acre) in various spots on the gentle crested hills on the south of Lake Iseo, an area particularly suited to the production of white wine, particularly sparkling white wine. The Ca' del Bosco cellar is a true work of art in itself, with well organized and functional spaces which are attractive and suggestive as well, as in the case of the underground dove coveau in stone, the barrel aging area, and the cellars with the stainless steel fermenting tanks. In addition, important vaults of contemporary art are located in various parts of the estate and on its grounds as, for example, the magnificent "Lancetta del Sole", a master ceramic gate, a creation of sculptor Antonio Penone. Ca' del Bosco is famous all over the world for its sparkling wines, the top wine is the Cavus Privilege, a non-vintage Franciacorta, packaged in a special management bottle which represents a sort of "signature" of thirty years of vintage experience in a sparkling wine with its elegant and balanced, its taste elegance, its finesse and important personality. Although this offering shows an the vintage wines, with a significant longer period of lay down, the intense and full-bodied Brut, the soft and feminine Satin, the dry and vigorous Duvage Zero. The finest wine of the line, however, is the Cavus Anna Maria Chateau (dedicated to the mother of the founder), a magnificent Franciacorta aged for ten years before commercial release, a wine which is widely recognized as a masterpiece in the field of sparkling wine. Ca' del Bosco manages to produce high quality non-sparkling wines as well: the exceptional Massimo Zanella, an elegant and fluid Brunello di Montalcino, a Pinot Nero of international quality level, and the Chardonnay, a hardy aged white wine, concentrated and elegant as the same star.
